

# Guacamole

---

## Ingredients

6 ripe avocados  
3 limes, juiced  
1 medium yellow onion, chopped  
2 serrano chiles, cut into rounds  
1 big handful fresh cilantro with stems, about 1/2 cup, finely chopped  
Extra-virgin olive oil  
Coarse salt  
Freshly ground black pepper

## Directions

### Step 1:

Halve and pit the avocados. With a tablespoon, scoop out the flesh into a mixing bowl. Mash the avocados using either a fork or potato masher, leaving them still a bit chunky.

### Step 2:

Add the remaining ingredients, and fold everything together. Drizzle with a little olive oil, adjust seasoning with salt and pepper and give it 1 final mix with a fork.

### Step 3:

Lay a piece of plastic wrap tight on the surface of the guacamole so it doesn't brown and refrigerate for at least 1 hour before serving.
