

GREEN SEASONING

INGREDIENTS

1 bunch of cilantro
1/2 bunch of parsley
4 scallions chives, chopped
1 head of garlic peeled
1 bunch of thyme about 8 sprigs
1 stalk of celery
2 pimento peppers
pinch of himalayan pink salt
1 small onion sliced
1/2 red bell pepper

METHOD

Step 1

Transfer all of the ingredients into a colander and rinse thoroughly. Place all of the ingredients into either a blender or food processor (if using food processor blitz on high speed until the bulk of the herbs have broken down into a coarse texture, remembering to pulse and scrape the sides).

Step 2:

If using a blender blitz until a puree is formed, feel free to add a tbsp or two of olive oil to help things move along quickly.

Step 3:

store in container in a cool place
