

TRIPLE CHOC BROWNIES

INGREDIENTS

185g unsalted butter
185g best dark chocolate
85g plain flour
40g cocoa powder
50g white chocolate
50g milk chocolate
3 large eggs
275g golden caster sugar

INSTRUCTIONS

Step 1: Cut 185g unsalted butter into small cubes and tip into a medium bowl. Break 185g dark chocolate into small pieces and drop into the bowl.

Step 2: Fill a small saucepan about a quarter full with hot water, then sit the bowl on top so it rests on the rim of the pan, not touching the water. Put over a low heat until the butter and chocolate have melted, stirring occasionally to mix them.

Step 3: Remove the bowl from the pan and set aside to cool

Step 4: While you wait for the chocolate to cool, position a shelf in the middle of your oven and turn the oven on to 180C.

Step 5: Using a shallow 20cm square tin, cut out a square of non-stick baking parchment to line the base. Tip 85g plain flour and 40g cocoa powder into a sieve held over a medium bowl.

Step 6: Chop 50g white chocolate and 50g milk chocolate into chunks on a board.

Step 7: Break 3 large eggs into a large bowl and tip in 275g golden caster sugar. With an electric mixer on maximum speed, whisk the eggs and sugar. They will look thick and creamy, like a milk shake.

Step 8: Pour the cooled chocolate mixture over the egg mousse, then gently fold together with a rubber spatula, until the two mixtures are one and the colour is a mottled dark brown. The idea is to marry them without knocking out the air, so be as gentle and slow as you like.

Step 9: Resift the cocoa and flour mixture over the egg mixture and then gently fold in the flour, stop just before you feel you should, as you don't want to overdo this mixing.

Step 10: Finally, stir in the white and milk chocolate chunks until they're dotted throughout.

Step 11: Pour the mixture into the prepared tin, scraping every bit out of the bowl with the spatula. Gently ease the mixture into the corners of the tin and paddle the spatula from side to side across the top to level it.

Step 12: Put in the oven and set your timer for 25 mins. When the buzzer goes, open the oven, pull the shelf out a bit and gently shake the tin. If the brownie wobbles in the middle, it's not quite done, so slide it back in and bake for another 5 minutes until the top has a shiny, papery crust and the sides are just beginning to come away from the tin. Take out of the oven and allow to cool completely before removing from the tin and cutting into squares.
